

# Analyze SRM database 12h period

## 1 UNION requests on history tables (presumably srmwatch) are slow

Queries that took up the most time (N) ^

Rank	Total duration	Times executed	Avg. duration(s)	Query
1	8h29 m32s	1 074 522	0.02	EXECUTE E-command [PREPARE, COMMIT];
2	3h00 m16s	57	47.46	EXECUTE E-command [PREPARE]: SELECT * FROM getlongreq_worhday WHERE job_id=2 UNION SELECT * FROM getlongreq_worhday_b WHERE job_id = 2 ORDER BY job_start_time; [Hibernation]  423 246   EXECUTE E-command [PREPARE]: SELECT * FROM getlongreq_worhday WHERE job_id = 214745008 UNION SELECT * FROM getlongreq_worhday_b WHERE job_id=214745008 ORDER BY job_start_time;
3	1h00 m56s	57	165.67	EXECUTE E-command [PREPARE]: SELECT * FROM getlongreq_worhday WHERE job_id=2 UNION SELECT * FROM getlongreq_worhday_b WHERE job_id = 2 ORDER BY job_start_time; [Show example]
4	1h00 m42s	284	11.52	EXECUTE E-command [PREPARE]: SELECT * FROM copy_requestshistory WHERE job_id = 0 UNION SELECT * FROM copy_requestshistory_b WHERE job_id=0 ORDER BY trans_start_time; [Hibernation]  1 01 10   EXECUTE E-command [PREPARE]: SELECT * FROM copy_requestshistory WHERE job_id=0 UNION SELECT * FROM copy_requestshistory_b WHERE job_id = 214830429 ORDER BY job_start_time; 1 01 09   EXECUTE E-command [PREPARE]: SELECT * FROM copy_requestshistory WHERE job_id = 214827707 ORDER BY job_start_time; 1 01 08   EXECUTE E-command [PREPARE]: SELECT * FROM copy_requestshistory WHERE job_id = 214865905 UNION SELECT * FROM copy_requestshistory_b WHERE job_id=214865905 ORDER BY trans_start_time;
5	41m19s	170	14.82	EXECUTE E-command [PREPARE]: SELECT * FROM copy_requests WHERE RequestID = 0;

Table of contents

Requests on « copy » are much more efficient than « put » and « get ». All indexes seem OK in the database.

## 2 Automatic DELETE requests are slow

Every hour, SRM deletes all items older than 1 month in « XXXrequests » and « XXXfilerequests » tables. Note that « XXXrequests\_b » and « XXXfilerequests\_b » seem to be unused now.

10	8m52s	2	116.82	EXECUTE E-command [PREPARE, DELETE] FROM getlongreqs WHERE CREATION_DATE-LIFETIME < 180; [Show example]  229 282   EXECUTE E-command [PREPARE, DELETE] FROM getlongreqs WHERE CREATION_DATE-LIFETIME < 180; [2007-10-29];
20	8m40s	1	290.57	EXECUTE E-command [PREPARE, DELETE] FROM getlongreqs WHERE CREATION_DATE-LIFETIME < 180; [2007-10-29];
21	8m52s	2	424.77	EXECUTE E-command [PREPARE, DELETE] FROM getlongreqs WHERE CREATION_DATE-LIFETIME < 180; [Show example]  0 02 1   EXECUTE E-command [PREPARE, DELETE] FROM getlongreqs WHERE CREATION_DATE-LIFETIME < 180; [2007-10-29];
22	8m58s	4 694	0.02	EXECUTE E-command [PREPARE, INSERT INTO] p_requests (p_request) VALUES ('1'); [Show example]
23	8m19s	2	90.92	EXECUTE E-command [PREPARE, DELETE] FROM getlongreqs WHERE CREATION_DATE-LIFETIME < 180; [Show example]
24	8m49s	2	82.17	EXECUTE E-command [PREPARE, DELETE] FROM copy_requests WHERE CREATION_DATE-LIFETIME < 180; [Show example]

### 3 UPDATE requests on « srmrequestcredentials »

First release of 1.7.0:

Queries took up the most time [ms] :

Rank	Total duration	Times executed	Avg. duration (ms)	Query
1	9h07m51s	25743	3.65	EXECUTE sp_executesql N'UPDATE srmrequestcredentials SET D=1, CREATETIME = 100, CREDENTIALNAME = 1, POL = NULL, OWNERFORUSER = 1, DELEGATEDCREDENTIALS = NULL, CREDENTIALEXPIRATION = 0 WHERE D=1', Showplan
2	2h56m07s	2750	1.00	EXECUTE sp_executesql N'UPDATE srmrequestcredentials SET D=1, CREATETIME = 100, CREDENTIALNAME = 1, POL = NULL, OWNERFORUSER = 1, DELEGATEDCREDENTIALS = NULL, CREDENTIALEXPIRATION = 0 WHERE D=1', Showplan
3	1h24m58s	1735	2.59	EXECUTE sp_executesql N'PREPARE COMMIT;
4	57m29s	951	3.88	EXECUTE sp_executesql N'UPDATE srmrequestcredentials SET D = 1, CREA TIONTIME = 100, CREDENTIALENAME = 1, POL = NULL, OWNERFORUSER = 1, DELEGATEDCREDENTIALS = NULL, CREDENTIALEXPIRATION = 0 WHERE D=1', Showplan
5	38m8s	138	16.61	SELECT code, COUNT(*) FROM srmrequestcredentials GROUP BY code;
6	35m40s	267	1.33	EXECUTE sp_executesql N'UPDATE srmrequestcredentials SET D = 1, CREA TIONTIME = 100, CREDENTIALENAME = 1, POL = NULL, OWNERFORUSER = 1, DELEGATEDCREDENTIALS = NULL, CREDENTIALEXPIRATION = 0 WHERE D=1', Showplan

Latest patch 1.7.0-24:

				Showplan
1	1m25s	7	12.19	EXECUTE sp_executesql N'UPDATE srmrequestcredentials SET D = 1, CREATETIME = 100, CREDENTIALENAME = 1, POL = NULL, OWNERFORUSER = 1, DELEGATEDCREDENTIALS = NULL, CREDENTIALEXPIRATION = 0 WHERE D=1', Showplan
2	00:00:00	00:00:00	0.00	EXECUTE sp_executesql N'UPDATE srmrequestcredentials SET D = 1, CREATETIME = 100, CREDENTIALENAME = 1, POL = NULL, OWNERFORUSER = 1, DELEGATEDCREDENTIALS = NULL, CREDENTIALEXPIRATION = 0 WHERE D=1', Showplan
